TSE Default Rule Set

- Currently, Default Rule Sets are prepared for TSE domain.
- Rule Sets cannot be created by Sub-Admin, but created/modified by BPO upon requests from Sub-Admins.

GAMIFICATION CONFIGURATION

Configure gamification components. Gamification helps engage your employees by encouraging them to complete tasks to earn points and badges, and to compare their score against other employees. You can configure badges and points awarded for completing tasks, as well as how employees "level up" as they earn points.
